§1775. Testing of a Split or Referee Sample
A. The following procedure is hereby established for the testing of a split or referee sample.
1. After a horse has voided and its urine collected for testing, the volume of urine collected shall be split or divided into approximately equal parts, one being processed for initial commission laboratory testing for the detection of the presence of prohibited drugs or substances therein. The remaining part shall be identified as the split or referee sample to be processed for future testing under the procedures hereby established. If the urine is from a 2-year-old horse, the specimen tag shall so indicate.

2. Should blood be drawn at the test or retaining barn for testing, it shall be split or divided into approximately equal parts to be processed for testing by the initial commission test and the split or referee test. If the blood is drawn from a 2-year-old horse, the specimen tag shall so indicate.

3. Within 72 hours from the time the stewards notify a trainer that the initial commission laboratory test on a urine or blood specimen from a horse entered and raced by him was positive for the presence of a prohibited drug or substance, the trainer must request the stewards in writing to have the split or referee sample tested by an approved referee laboratory. The commission shall provide a list of referee laboratories which must be able to demonstrate competency for that drug or substance at the estimated concentration reported by the primary laboratory, from which a trainer must select one. At the time of his request the trainer must forward the necessary fees to cover all expenses to be incurred in shipping and testing the split or referee sample to the referee laboratory. Failure of a trainer to make a request to the stewards for a split sample within the required 72 hours constitutes a waiver of any and all rights to have the split or referee sample tested.

4. A trainer timely requesting a testing of a split or referee sample shall select one of the laboratories designated by the commission as referee laboratories to perform the testing. The trainer shall sign a hold-harmless agreement for a split sample laboratory and an agreement that the results of the split sample laboratory can be introduced as evidence in any hearing, said agreements shall remain with the stewards of the track at which the positive was reported.

5. If the split portion of the test confirms the findings of the primary laboratory, it shall constitute prima facie evidence of a violation of the applicable provisions of this Chapter.

6. If the split portion of the test does not confirm the findings of the primary laboratory the commission shall not consider the sample to constitute prima facie evidence of a violation of the applicable provisions of this Chapter and no penalty shall be imposed, except as provided in Paragraph 7 hereof.

7. If, through no fault of the commission, its agents or employees, a split portion of the sample cannot be tested because of loss, damage, or decomposition then, and in that event only, the findings of the primary laboratory shall constitute the prima facie evidence of a violation of the applicable provisions of this Chapter.

8. The identity of the drug or substance shall be revealed to the referee laboratory. Any communication between the primary and referee laboratory is limited to the exchange of the analytical method and threshold level used to confirm the identity of the drug or substance.

9. Primary laboratory, for the purpose of this rule, shall mean the laboratory selected by the commission to test urine or blood for the presence of prohibited drugs or substances.

10. Referee laboratory, for the purpose of this rule, shall be one of the referee laboratories approved by the commission to test split portions of urine or blood samples when timely requested by a trainer.

§1777. Reporting of Test Findings

A. The commission chemist shall submit to the state steward a written report as to each specimen tested, indicating thereon by specimen tag identification number, whether a specimen was tested negative or positive for prohibited substances. The commission chemist shall report test findings to no person other than the state steward, commission, or their designated representative.

§1779. Request for Additional Test Time

A. In the event the commission chemist should find a specimen suspicious of a prohibited medication, he may request additional time for test analysis and confirmation.

§1781. Distribution of Purse Awaits Test Results

A. The horserman's bookkeeper shall make no distribution of any purse until given clearance of chemical tests by the stewards.

§1783. Test Not Normal

A. The commission chemist will make a further report to the state steward and the commission on any substance his tests showed, which is not normal in a horse. These reports shall be confidential and are not evidence for disciplinary
action. They can be used as a warning to the trainer or veterinarian, by the stewards or by the commission veterinarian, to improve his surveillance. The residue of specimen material from such tests will be preserved by the commission chemist until released by the commission.

§1785. Positive Test

A. In reporting to the state steward that a test of a specimen was positive for a prohibited substance, the commission chemist shall present documentary or demonstrative evidence acceptable in the scientific community and admissible in court in support of his professional opinion as to the positive finding.

§1787. Pre-Race Testing

A. A laboratory testing program for the detection of the presence of prohibited medications or drugs in horses prior to a scheduled racing program may be requested by an association, and conducted at that track upon designation by the commission. Such pre-race testing program shall be supervised by the commission. All provisions of the Rules of Racing, not inconsistent with this Section, remain in full force and effect. Should any existing provision conflict herewith, the provisions of this rule shall take precedence and govern; however, all existing rules on post-race testing remain in full force and effect.

B. At any track so requesting and designated, the track operator shall provide such facilities, appurtenances, equipment, and trained personnel for a drug detection program as the commission may specify.

C. Blood or urine or other samples shall be taken from all horses programmed to race prior to the race in which it is programmed at a location specified by the track operator and the commission.

D. Such blood, and/or urine, and/or other sample shall be taken not less than three hours nor more than six hours prior to the approximate post-time of the race. If the horse is to receive bleeder medication (furosemide) on the day of the race in accordance with the Rules of Racing, the sample shall be taken prior to the administration of that medication.

E. Such blood, urine, or other sample shall be taken by the commission veterinarian or by a licensed veterinarian under his supervision. Professional fees for veterinarians collecting these samples for the pre-race testing program shall be paid by the association.

F. The trainer or his representative shall accompany the horse at the prescribed time and to the prescribed location, and shall manage the horse as directed. Willful failure to be present at, or refusal to allow, the taking of any such sample, or any act or threat to impede or prevent or otherwise interfere therewith, shall subject the person or persons therefor to such disciplinary action as the stewards may determine.

G. A horse shall not race if it has not been tested in accordance with the provisions of this Section.

H. Whenever pre-race laboratory test reports indicate the presence of a prohibited medication or drug in the sample taken from a horse scheduled to race, particularly, but not limited to specific maximum by quantitative determination of 5.0 micrograms phenylbutazone per milliliter of blood or 5.0 micrograms oxypenbutazone per milliliter of blood, stewards shall scratch the horse from the race. On the first offense a penalty of not less than $100, nor more than $200, shall be assessed the trainer. Upon second or multiple offenses for positive tests, the stewards shall take whatever action they deem appropriate, consistent with law and the Rules of Racing.

I. The pre-race testing program so conducted at a designated track shall in no way change or interfere with the post-race testing program of the commission. In the event of a conflict between pre-race and post-race tests, the post-race test governs and prevails.

J. The laboratory and/or its representatives performing pre-race chemical testing for a designated association are officials of racing. The laboratory shall:

1. be under the direction of and responsible to the stewards;
2. be approved by the commission.

K. The stewards shall deliver all pre-race specimens or samples to the laboratory performing the pre-race chemical testing.

L. Definition of Pre-Race Testing. A procedure approved by the commission, conducted by a qualified testing laboratory, at a race track after the association operating the track initially makes a written request that such procedure be conducted at its facility, whereby each horse scheduled to run shall have its blood or saliva or urine or other excretions of body fluid analyzed no more than six and no less than three hours before the race in which the horse is scheduled to run in order to determine whether such sample contains any narcotic, stimulant, depressant, local anesthetic, analgesic or drug of any description not permitted by the Rules of Racing or which could affect the speed of the horse in the race in which the horse was entered to race. Such test shall not be for the purpose of determining whether a horse is physically fit to race and no physical examination of the animal is contemplated by this procedure.

§1789. Reporting of Corrupt Act

A. If any person licensed by the commission shall be approached with an offer or a promise of a bribe, or with a request or a suggestion for a bribe, or for any improper, corrupt or fraudulent act or practice in relation to a race or racing, or that any race shall be conducted otherwise than fairly and in accordance with the Rules of Racing, such licensed person shall immediately report the matter to the stewards or the commission; should any person be found by the stewards or the commission to have violated this Section, said licensed person shall have such punishment by fine and/or suspension of license, as is deemed appropriate.

§1791. Testing for Dangerous Substance Abuse

A. No person licensed by the commission shall use any controlled dangerous substance as defined in the "Louisiana Controlled Dangerous Substance Act," R.S. 40:961 et seq., or any prescription legend drug, unless such substance was obtained directly, or pursuant to a valid prescription or ordered from a licensed physician, while acting in the course of his professional practice. It shall be the responsibility of the person licensed by the commission to give notice to the state steward that he is using a controlled dangerous substance or prescription legend drug pursuant to a valid prescription or order from a licensed physician. This notice shall be in the form of an affidavit provided by the commission and completed by the licensed practitioner. Failure to provide the state steward with the appropriate affidavit prior to the collection of a urine sample shall result in a positive violation and shall be administered pursuant to Subsection D. Failure of a licensed person to provide this affidavit from his doctor or physician within 10 days of being notified by the stewards of a finding for a prescription drug shall be treated as a positive and having the person subject to a penalty as contained herein.

B. Every person licensed by the commission at any licensed racetrack may be subjected to a urine test, or other noninvasive fluid test at the discretion of the state steward in a manner prescribed by the commission. Any licensed person who fails to submit to a urine test when requested to do so by the state steward shall be liable to the penalties provided herein. Failure or refusal to submit to a urine test when ordered by the state steward shall result in a minimum 90-day suspension. Failure or refusal to submit to a urine test for a second time shall result in a suspension by the stewards to the full extent of their power and referral to the commission.

C. Any person licensed by the commission who is requested to submit to a urine test shall provide the urine sample to a chemical inspector of the commission. When requested to provide a sample, that person shall submit the sample before leaving the race track. Failure to do so shall be considered a refusal. The sample so taken shall be immediately sealed and tagged on the form provided by the commission and the evidence of such sealing shall be indicated by the signature of the tested person. The portion of the form which is provided to the laboratory for analysis shall not identify the individual by name. In obtaining any sample, it shall be the obligation of the licensed person to cooperate fully with the chemical inspector who may be required to witness the securing of such sample. Anyone who tampers with a urine sample shall be fined and/or suspended as provided for by R.S. 4:141 et seq. and/or the Rules of Racing.

D. A positive controlled dangerous substance or prescription drug result shall be reported in writing to the commission or its designee. On receiving written notice from the official chemist that a specimen has been found positive for a controlled dangerous substance or prescription legend drug, the commission or its designee shall proceed as follows.

1. The licensed person shall, as quickly as possible, be notified in writing and a hearing scheduled with the stewards.

a. If a person having tested positive for a dangerous substance or prescription drug so desires, he/she may request within five days to the stewards to have the split or referee sample tested by a commission-designated alternate laboratory as provided herein. At the time of the request, the licensed person must deposit with the stewards an amount equivalent to the fee charged by the referee laboratory chosen to cover expenses to be incurred in testing the split sample. Failure of a licensed person to make a request within five days constitutes a waiver of any and all rights to have the split sample tested.

b. Split samples shall be stored in a locked freezer pending the laboratory results of the original samples. If an original sample's result is negative, the split sample may be disposed of. However, if the result is positive, the split sample shall be retained in the locked freezer until needed or until final disposition of the case.

c. A licensed person's timely request for the testing of the split sample may then select any one of the commission-designated alternate laboratories to perform the testing.

2. For a licensed person's first violation, he shall be suspended 30 days and denied access to all racetracks, off-track wagering facilities and approved training facilities in Louisiana. His reinstatement shall be contingent upon evaluation by a commission approved board certified drug evaluator or counselor, and after providing a negative urine report.

3. For a licensed person's second violation, he shall be suspended six months and denied access to all racetracks, off-track wagering facilities and approved training facilities in Louisiana. His reinstatement may be allowed upon proof of enrollment, and continued attendance in a commission approved drug rehabilitation program.

4. For a licensed person's third violation, he shall be suspended for 15 years and denied access to all racetracks,
Title 35, Part 1

off-track wagering facilities and approved training facilities in Louisiana.

5. The stewards and/or commission approved board certified drug evaluator or counselor may require urine/hair analyses or other noninvasive body fluid tests at any time during rehabilitation for reasonable cause.

6. Unexcused absences from a drug rehabilitation program shall result in the participant being suspended for seven days from racing.

7. Excused absences from a drug rehabilitation program must be approved prior to the participant's absence by the commission approved drug evaluator or individual counselor.

8. Amphetamines and other central nervous system stimulants are not permitted except in cases of exogenous obesity. In those cases, the participant must give proof that multiple dietary attempts to control exogenous obesity have failed and that he is participating in a medically supervised dietary program which includes the short term (two to three weeks) usage of amphetamines.

E. Any information received in the process of obtaining a urine sample, including but not limited to, medical information, the results of any urine test, and any reports filed as a result of attending a drug rehabilitation program, shall be treated as confidential, except for their use with respect to a ruling issued pursuant to this rule, or any administrative or judicial hearing with regard to such a ruling. Access to the information received and/or reports of any positive results and/or reports from a drug rehabilitation program shall be limited to the commissioners of the Louisiana State Racing Commission, the commission and/or its designee, counsel to the commission and the subject, except in the instance of a contested matter. In the instance of a contested matter, any information received and reports prepared shall not be disclosed without the approval of the commission or its designee.

F. Information received and reports prepared pursuant to this Rule shall be stored in a locked secure area in the office of the commission for a period of one year, after which time, they shall be destroyed. However, the commission may maintain the information received and reports on individuals who have violated this rule for the purpose of recording the number of violations and the results of supervisory treatment, and for use should future violations occur.

§1793. Testing for Alcohol Abuse

A. Any person licensed by the commission shall, when directed by the state steward, submit to a breathalyzer test and, if the results thereof show a reading of 0.05 percent or more of alcohol in the blood such person shall not be permitted to continue his duties.

B. For the first offense, any person having a reading of 0.05 percent or more shall be fined $50 and not be permitted to perform his duties for the day. For the second offense, any person having a reading of 0.05 percent or more shall be fined $100 and not be permitted to perform his duties for the day. For a third offense, any person having a reading of 0.05 percent or more shall be suspended for 30 days and be subjected to an evaluation as called for in §1791.

C. Failure or refusal to submit to a breathalyzer test when directed by the state steward shall result in a minimum seven-day suspension. Failure or refusal to submit to a breathalyzer test for a second time shall result in a suspension by the stewards to the full extent of their power and referral to the commission.

§1795. Classification of Foreign Substances by Category

A. Prohibited drugs and prohibited substances are classified in the appropriate one of five classes.

B. Known and identified prohibited drugs and substances are classified and listed according to their appropriate class as defined in the Association of Racing Commissioners International, Inc. Drug Testing and Quality Assurance Program's Uniform Classification Guidelines for Foreign Substances.

C. Unknown or unidentified drugs or substances which are prohibited but not listed shall be appropriately classified by the state chemist upon discovery or detection. A supplemental listing of the appropriate classification of such discovered or detected drugs shall be maintained at the domicile office and be made available to the public upon request. A prohibited drug or substance remains prohibited regardless of whether it is listed.

§1797. Penalty Guidelines

A. Upon finding a violation by a permittee of prohibited medication rules, of prohibited substance rules, or of improper or excessive use of permitted medications, the stewards, or the commission, shall consider the classification level as set forth in §1795 and will, in the absence of mitigating or aggravating circumstances, endeavor to impose penalties and disciplinary measures consistent with the recommended guidelines contained herein. Whenever a majority of the stewards find or conclude that there are mitigating or aggravating circumstances, they should so state
in their ruling such finding or conclusion, and should impose the penalty which they find is appropriate under the circumstances to the extent of their authority or, if necessary, refer the matter to the commission with specific recommendations for further action.

B. The recommended guidelines for a violation of each classification level are as follows.

B. The stewards may require a cash deposit of $50 before considering an objection, which may be forfeited if the objection should prove to be unreasonable or unnecessary.

§8107. Who May Make an Objection

A. Objections to a horse engaged in a race may be made by the owner, trainer or jockey of some other horse engaged in the same race, or by the officials of the meeting. Proof of the qualifications of any horse against which a protest has been lodged may be demanded by the stewards, and in default of such proof being given, they may declare the horse disqualified.

§8119. Timing of Objections Based on the Course

A. Any objection to a horse, on the grounds of not having run the proper course, or of the race having been run on the wrong course, or of any other matter occurring in the race, must be made before the place of the horse in the race is confirmed officially.

Chapter 83. Appeals to the Commission

§8301. Suspensive Appeal; Timing

A. Any person penalized or disciplined by the stewards may apply to the commission for a suspensive appeal staying the effects of the stewards' action pending disposition of such appeal by the commission. §9103. Entitlement to Allowance

A. A horse shall start with only the allowance to which it is entitled at the time of starting, regardless of its allowance at the time of entry. Horses incurring weight penalty or penalties for a race shall not be entitled to any weight allowance for that race. Horses not entitled to the first allowance in a race shall not be entitled to the second, and so on. Omission to claim an allowance is not cause of disqualification. A. No horse shall incur a weight penalty for a placement from which he is disqualified, but a horse placed through the disqualification of another horse shall incur the weight penalties of that placement. No such placement, however, shall make a horse ineligible for a race which has already been run.

Title 35
HORSE RACING
Part XI. Claiming Rules and Engagements

Chapter 99. Claiming Rule

§9901. Any Horse May Be Claimed

A. In claiming races any horse is subject to being claimed for its entered price by any racing interest recognized by the commission, by any licensed horse owner, or his authorized agent, but only for the account of the person making the claim, or for whom the claim was made by the agent (provided, however, that no person shall claim his own horse or a horse in which he has an interest or cause his horse to be claimed directly or indirectly for his own account). Also, a claim may be made by any person who has established his qualifications to claim by filing an application for license as a horse owner and has been granted a certificate authorizing the claim by the stewards at the meeting where a horse is to be claimed.

B. A claim certificate shall not be issued until all conditions and qualifications for a horse owner's license have been met or completed. A claim certificate thus issued will be void if no claim is made within 30 days of issuance, and the owner's license will be withdrawn.

The following calendar day shall be the first day and the horse shall be entitled to enter at another track in the state whenever necessary so the horse may start on the sixty-first day following the claim.

§9911. Claiming Procedures

A. All claims shall be signed, sealed, time stamped and deposited in a locked box provided for that purpose in a designated place, at least 15 minutes prior to post time for each race. Any horse, other than the winner, that has been claimed, shall be taken to the paddock after the race has

However, the successful claimant may request on the claim blank at the time he makes his claim that the horse be tested for the presence of equine infectious anemia via a Coggins test. Should this test prove positive, it shall be cause for a horse to be returned to his previous owner and barred from racing in the state of Louisiana. The expense of the Coggins test and the maintenance of the horse during the period requested for the test, shall be absorbed by the successful claimant. If such a test is requested the claimed horse will be sent to the retention barn of the Louisiana State Racing Commission where the state veterinarian will draw a blood sample, which sample shall be sent to a laboratory approved by the Louisiana Livestock Sanitary Board for the conduct of such test.

A. Any person or persons who shall enter, or allow to be entered, in a claiming race a horse against which any claim is held, either as mortgage, bill of sale or lien of any kind, shall be ruled off, unless when or before entering the horse, the written consent of the holder of the claim shall be filed with the racing secretary where the horse is entered.

b. Thirty percent of the net amount in the pari-mutuel pool subject to distribution among winning ticket holders shall be distributed among the holders of pari-mutuel tickets which correctly designate the most official winners, but less than six, in each of the six races comprising the super six.

5. Should no distribution be made pursuant to Paragraph F.1 on the last day of the association meeting, then that portion of the distributable pool and all monies accumulated therein shall be distributed to the holders of tickets correctly designating the most winning selections of...
the six races comprising the super six for that day or night; the provisions of Subsections I and J have no application on said last day.

G. In the event a super six ticket designates a selection in any one or more of the races comprising the super six and that selection is scratched, excused or determined by the stewards to be a nonstarter in the race, the actual favorite, as evidenced by the amounts wagered in the win pool at the time of the start of the race, will be substituted for the nonstarting selection for all purposes, including pool calculations and payoffs. In the event the amount wagered in the win pool on two or more favorites is identical, the favorite with the lowest number on the program will be designated as the actual favorite.

H. In the event of a dead heat for win between two or more horses in any super six race, all such horses in the dead heat for win shall be considered as winning horses in that race for the purpose of calculating the pool.

I. No super six shall be refunded except when all of the races comprising the super six are canceled or declared as "no contest." The refund shall apply only to the super six pool established on that racing card. Any net pool carryover accrued from a previous super six feature shall be further carried over to the next scheduled super six feature operated by the association.

J. In the event that any number of races less than six comprising the super six are completed, 100 percent of the net pool for the super six shall be distributed among holders of pari-mutuel tickets that designate the most winners in the completed races. No carryover from a previous day shall be added to the super six pool in which less than six races have been completed. Any net pool carryover accrued from a previous super six feature shall be further carried over to the next scheduled super six feature operated by the association.

K. No pari-mutuel ticket for the super six pool shall be sold, exchanged or canceled after the time of the closing of wagering in the first of the six races comprising the super six, except for such refunds on super six tickets as required by this regulation, and no person shall disclose the number of tickets sold in the super six pool or the number or amount of tickets selecting winners of super six races until such time as the stewards have determined the last race comprising the super six each day to be official.

Chapter 112. Twin Trifecta

§11201. Twin Trifecta

A. No twin trifecta wagering shall be conducted without permission of the commission. The races in which the twin trifecta type pari-mutuel wagering will be permitted shall only be those designated by the commission and a separate pool shall be established therefor.

B. The twin trifecta is a form of pari-mutuel wagering in which the bettor selects the three horses that will finish first, second and third in each of two designated races in the exact order as officially posted.

C. Twin trifecta wagers will be sold at all windows unless the association chooses to use designated windows for the twin trifecta and exchange.

D. Each bettor purchasing twin trifecta tickets shall designate his three selections as the first three horses to finish in that order in the first race of the two designated races.

E. After wagering closes for the first half of the twin trifecta, the commissions will be deducted from the pool in accordance with laws of the state. The remaining pool will then be divided into two separate pools of 70 percent and 30 percent.

F. The monies in the 30 percent portion of the divided pool shall be distributed to the holders of the twin trifecta tickets selecting the first three horses in order, on the first designated twin trifecta race, in accordance with established pari-mutuel practice.

G. The 70 percent portion of the divided pool shall be placed in a separate pool to be distributed to the holders of the second half twin trifecta tickets selecting the first three horses in order, on the second designated twin trifecta race, in accordance with established pari-mutuel practice.

H. In the first half of the twin trifecta only, if no ticket is sold on a winning combination of a trifecta pool, the net pool shall then be distributed to the holders of tickets selecting the first place and second place horses. If no ticket is sold as abovementioned, the net pool shall then be distributed to the holders of tickets selecting the first and third place horses. If no ticket is sold as abovementioned, the net pool shall then be distributed to holders of tickets selecting the second place horse. If no ticket is sold as abovementioned, the net pool shall then be distributed to holders of tickets selecting the second and third place horses. If no ticket is selected as abovementioned, all twin trifecta tickets shall be refunded.

I. After the official declaration of the first three horses to finish in the first race of the twin trifecta, each bettor holding a ticket combining the first three horses in the exact order of finish must, prior to the running of the second twin trifecta race, exchange such winning tickets for both the monetary value established by the mutuel department and a twin trifecta exchange ticket at designated windows and at such time shall select the first three horses to finish in the second race of the twin trifecta in the exact order of finish as officially posted. No further money shall be required of the holder of winning tickets in order to make the exchange. When the official finish of the first twin trifecta race requires application of Subsection H to determine the winning combination, no exchange tickets shall be issued on the second twin trifecta race, and the second race pool shall be treated in accordance with Subsection N.

J. No twin trifecta exchange ticket upon the second race shall be issued except upon the surrender of the twin trifecta ticket from the first race as described in these rules. Designated windows, for the purpose of cashing and exchanging winning tickets, shall be open for the purpose of making the exchange as described only after the first race has been declared official and such windows shall close at the start of the second race of the twin trifecta races.

K. If a winning twin trifecta ticket from the first race is not presented for cashing and exchange within the time provided, the bettor may still collect the monetary value of the ticket but forfeits all rights to any distribution of the second race of the twin trifecta pool.

L. If a horse is scratched in the first race of the twin trifecta races, all twin trifecta tickets on the scratched horse will be refunded. If a horse is scratched in the second race of the twin trifecta races, public address announcements will be made and reasonable time will be given for the exchange of
tickets on the scratched horse. For the second race of the twin trifecta only, all horses will be considered official starters once the starting gate has opened.

M. In the event of a dead heat(s) in either the first or second race of the twin trifecta, all twin trifecta tickets selecting the correct order of finish, counting a horse in a dead heat as finishing in any position dead heated, shall be winning tickets.

N. In the event there are no twin trifecta tickets issued accurately selecting the officially declared first three finishers of the second twin trifecta race in exact order, such second race pool as divided earlier shall be held for the next consecutive day or night and combined with that programs' second race twin trifecta pool. Distribution of this special cumulative second race twin trifecta pool will be made only upon the accurate selection, in exact order, of the first three officially declared finishers of the second twin trifecta race.

O. However, on the final program of any official race meeting, the entire accumulated second race twin trifecta pool must be distributed. In the event, on the final racing program, no second half twin trifecta ticket accurately selects the officially declared first three finishers in exact order, then all second half twin trifecta tickets on that specific race shall be declared winners and the pool shall be distributed equally among them.

P. If for any reason, the second half of the twin trifecta is canceled, not declared "official" or less than three horses finish the race, the winning ticket holders on the first half will be entitled to proportionate distribution of the remaining amount of the current program's divided pool. The cumulative pool from previous programs shall not be distributed in this case and will be carried over to the next scheduled racing program.

Q. Sales of the twin trifecta tickets other than from pari-mutuel machines shall be deemed illegal and prohibited.

R. The twin trifecta pool shall be held entirely separate from all other pools, and is no part of a daily double, quinella, (regular) trifecta, super six or any other wagering pool.

D. Rules of racing governing the race in the host state shall apply to the merged pool unless the commission shall have specifically determined otherwise.

All provisions of law governing pari-mutuel betting apply to pari-mutuel betting in interstate common pools except as otherwise provided in this Section or in the commission's rules.

B. Participation in a common pool solely as a track conducting the race or as a receiving track will not cause such track to be deemed to be doing business in this state, or in the other state, for any purpose.

C. With the prior approval of the commission, a licensee who is permitted to accept wagers in this state on horse races conducted at tracks conducting races located outside of this state may combine pari-mutuel pools in this state with comparable pools at the track conducting the race.

E. With the prior approval of the commission and with the concurrence of the track conducting the race, an interstate common pool may be formed among the licensee and other receiving persons or entities in any states other than the state in which the track conducting the race is located. For such an interstate common pool, the commission may approve the types of wagering, takeout, distribution of winnings, rules of racing, and calculation of breakage which are different than those which would otherwise be applied in this state but are consistent for all parties to the interstate common pool.

F. The licensee may deduct from wagers placed in any interstate common pool any fee to the person or entity conducting the race for the privilege of conducting pari-mutuel wagering on the race, and payment of costs incurred in transmitting the broadcast of the race and participation in the interstate common pool.

G. The provisions of law or contract, if any, governing the distribution of shares of the takeout, from wagers placed in this state in separate pari-mutuel pools on races run in another state, to this state as pari-mutuel taxes, or respectively to breeder awards and to purses in this state, shall remain in effect for wagers placed in interstate common pools; provided that if the commission has approved an adjustment in the takeout rate, the distribution of the takeout within this state shall be adjusted proportionately to reflect the adjustment in the takeout rate; provided further that with the concurrence of the licensee, the share designated for purses may be modified.

H. With the prior approval of the commission, a licensee may permit one or more of its races to be utilized for pari-mutuel wagering at one or more locations in other states, may transmit audio/visual signals of races the licensee conducts to one or more locations outside the state, and may also permit pari-mutuel pools in other states to be combined with its comparable wagering pools or with wagering pools established by other states. The commission may modify its rules and may adopt separate rules governing interstate common pools, and may establish by rule separate provisions for interstate common pools governing the calculation of breakage.

I. Pari-mutuel taxes shall not be imposed upon any amounts wagered in an interstate common pool other than upon amounts wagered within this state.

J. The provisions of law or contract, if any, governing the distribution of shares of the takeout, from wagers placed in other states in separate pari-mutuel pools on races run in this state, respectively to breeder awards and to purses in this state, shall remain in effect for wagers placed in interstate common pools. Provided that with the concurrence of the licensee and the Horsemens's Benevolent and Protective Association, and the appropriate breeder's organization, the share of breeder awards or purses may be modified.

Failure by the owner of the licensed premises to post and

Every application for a license to conduct a race meeting shall be accompanied by a certified check for five thousand dollars, payable to the commissioner of administration. The commissioner of administration may apportion the expenses of the commission to the horse race meetings licensed by it on the basis of the collections received from each such meeting. When the race meeting for which the license is granted is terminated and the licensee has fully paid the percentage designated in this Part, the five thousand dollars deposited with the application shall be returned. In the event, however, the licensee fails or refuses to pay the percentage daily as outlined and required, the amount thereof shall be deducted from the sum deposited with the application for a license, and the balance, if any, shall be returned to the licensee. If for any reason beyond the control and through no fault of the licensee it becomes impossible for the licensee to conduct racing upon any date licensed by the commission, the commission, in its discretion and at the request of the licensee, may return the fees paid by the licensee for racing upon such days or specify any other days which may replace the days omitted.
C. The association may deduct from fees due under this Section the full amount of fees paid to parish governing authorities as provided by R.S. 4:163.1.

Special awards to stallion owners shall also be made to owners whose Louisiana stallions have sired accredited Louisiana bred finishing first, second, or third in out-of-state stakes races with purses of at least twenty-five thousand dollars, added.

(2) The breeder award herein authorized shall be paid and disbursed to the breeder who becomes entitled thereto pursuant to the provisions hereof, according to a schedule or formula and within a period which is or shall be established by the Executive Committee of the Louisiana Thoroughbred Breeders Association. Any purse supplement herein authorized and paid by the commission shall in no case exceed the amount provided as a purse by the racing association conducting the race meeting in this state or the races conducted in any other state as provided for in Paragraph (1) of this Subsection.

(3) The stallion award herein authorized shall be paid and disbursed to the stallion owner who becomes entitled thereto pursuant to the provisions hereof, according to a schedule or formula and within a period which is or shall be established by the Executive Committee of the Louisiana Thoroughbred Breeders Association, but not later than the thirtieth day of June of each year commencing June 30, 1979. In no event shall the total amount to be distributed and paid in any calendar year as stallion awards exceed an amount equal to twenty percent of the sum of seven hundred thousand dollars or twenty percent of a sum equal to three-tenths of one percent of the total gross pari-mutuel handle wagered annually on all horse races at all tracks where pari-mutuel wagering is conducted at race meetings of racing associations and at offtrack wagering facilities authorized and licensed by the commission, whichever sum is greater.

(4) As used in this Subsection, the following definitions are adopted:

(a) "Accredited Louisiana bred" means a thoroughbred foaled in the state of Louisiana and registered in the registry administered by the Louisiana Thoroughbred Breeders Association pursuant to such rules and regulations therefor established by said association and/or a thoroughbred conceived and foaled in the state of Louisiana and sired by a Louisiana stallion registered in the registry administered by the Louisiana Thoroughbred Breeders Association pursuant to such rules and regulations therefor established by said association.

It shall also include those out-of-state races as provided for in Paragraph (1) of this Subsection.

B. (1) Out of the funds appropriated by the legislature for the expenses and operation of the Louisiana State Racing Commission, the commission shall allocate and use annually the sum of eight hundred thousand dollars to make special stallion awards to the owners of stallions of accredited Louisiana bred offspring which finish first, second, or third, in a stake, handicap, or allowance race, exclusive of maiden races, for quarterhorses run at any track licensed by the commission; and to supplement purses and to make special breeders' awards to the breeders of accredited Louisiana bred quarterhorses which finish first, second, or third in a race or races for accredited Louisiana bred quarterhorses conducted at a race meeting or meetings in Louisiana. However, the awards paid under the provisions of this Subsection shall be considered as an overhead expense of the racing commission and paid without regard to the track where quarterhorses are running, the payment of this award not to be considered an expense solely of the track or tracks running quarterhorses.

(2) The breeder award herein authorized shall be paid and disbursed to the breeder who becomes entitled thereto pursuant to the provisions hereof, according to the schedule or formula which is or shall be established by the Executive Committee of the Louisiana Quarter Horse Breeders Association, not later than the thirtieth day following the close of the race meeting at which the breeder award was earned. However, in no event shall the total amount to be distributed and paid in any fiscal year as a stallion award exceed an amount equal to eighteen percent of eight hundred thousand dollars.

C. The licensee conducting the race meeting for which supplements for purses are provided under this Section or R.S. 4:167 shall withhold two percent of the total supplemental purse which is supplemented from funds made available under this Section or from breakage monies as provided in R.S. 4:167. The amounts deducted from the supplemental purses as provided for in R.S. 4:167 shall be paid to the association which represents the Louisiana horses for which said races were written, as the case may be.

D. Out of the funds appropriated by the legislature for the expenses and operation of the Louisiana State Racing Commission, the commission shall allocate and provide annually to the Department of Agriculture and Forestry the sum of sixty thousand dollars to be used to promote and advance the development of the horse racing industry in Louisiana through the publication and dissemination of information relating solely to the horse breeding and horse racing industries of Louisiana.

Conditions and purses of any such race shall be approved prior to offering such races by both the Louisiana Thoroughbred Breeders Association purse committee and the racing association offering such race. Purse supplements offered from Louisiana Thoroughbred Breeders Association funds for Louisiana bred races shall not be awarded to non-Louisiana bred horses earning purse monies in such races, but shall be retained by the association for reuse as purse supplements in other races scheduled for Louisiana bred horses. Breeder awards shall be awarded to Louisiana bred horses earning purse monies in such races in the same manner and under the same conditions as other accredited Louisiana bred races. For purposes of future races, a winner of an accredited Louisiana bred preferred race shall be considered the winner of an accredited Louisiana bred race of the same type.

§213. Offtrack Wagering Facilities; Establishment

In addition to the rights granted in R.S. 4:149.2, any association licensed by the commission may accept and transmit wagers as provided in this Chapter and engage in all necessary activities to establish appropriate offtrack wagering facilities to accomplish this purpose. §214. Offtrack Wagering Facilities; Licensing; Criteria; Management; Appeal of License Suspension or Revocation

1) Only the primary licensee operating at a pari-mutuel facility may apply for a license to operate offtrack wagering facilities in this state and only such primary licensees shall be licensed to operate offtrack wagering facilities under this Part.

2)(a)(i) Before a license is granted for an offtrack wagering facility in any parish, the voters of that parish must have approved the establishment of such a facility within the parish in a referendum election held for that purpose. The commission shall request a referendum by the governing body of a parish only after receipt of an application for licensure of an offtrack wagering facility in that parish by the eligible applicant as provided in R.S. 4:215.

(ii) If the referendum fails to gain voter approval, or if the commission's request to the parish governing authority for a referendum is not granted within six months of such request, then the request therefor is rendered void.

(iii) Any request for an offtrack referendum that is pending on the effective date of this Subparagraph before the governing authority of a parish wherein such a referendum has failed to gain voter approval in a prior election shall be rendered void upon that date.

(iv) Any request for an offtrack referendum that has been pending before a parish governing authority for six months or more upon the effective date of this Subparagraph shall be rendered void upon that date.

(b)(i) After a request by the commission to a parish governing authority for an offtrack referendum is voided for any reason, the original applicant may either:

(aa) Resubmit the application for licensure, and the commission shall submit a new request for an offtrack referendum election to the parish governing authority; or

(bb) Submit a new application to the commission for licensure of an offtrack wagering facility in any city, town, or municipality within the parish, and the commission
shall request the governing authority of such city, town, or municipality to hold an offtrack referendum election.

(ii) If the referendum fails to gain voter approval or if the commission's request for a referendum is not granted within six months of such request, the request therefor is rendered void.

(iii) If the offtrack referendum gains voter approval, the commission may license one offtrack wagering facility within the corporation limits of the city, town, or municipality in which the referendum was held. Such license must conform to all applicable licensing criteria as provided in this Part.

(c)(i) Except as provided in R.S. 4:214(A)(2)(c)(ii), the collection and distribution of license fees as provided in R.S. 4:218 shall not be affected by this Paragraph.

(ii) Notwithstanding any provision of R.S. 4:218 to the contrary, if an off-track wagering facility is located within the corporate limits of a municipality as a result of a municipal off-track wagering referendum as provided in this Paragraph, called by the municipal governing authority without the assistance of the parish governing authority, the municipal governing authority may impose a license fee not to exceed two percent of the total amount wagered at that facility, and no license fee shall be imposed by the parish, and the municipality shall retain the total license fees collected; otherwise, distribution of the fees shall be in accordance with R.S. 4:218(B).

(3) A license shall not be granted to an offtrack wagering facility to be located within a fifty-five mile radius of a pari-mutuel facility without the prior written permission of the primary licensee of that facility.

(4) Not more than two offtrack wagering facilities may be licensed in a parish with a population of less than four hundred twenty-five thousand.

(5) Final license approval is subject to local governing authority facility citing requirements.

(6) Each offtrack wagering facility shall be specifically designed as an entertainment complex. Maximum allowable attendance at each facility shall be one hundred twenty-five percent of the seating capacity at that facility. (7) No person licensed by the commission pursuant to the provisions of this Chapter who shows proof of licensure upon entering an offtrack wagering facility shall be assessed any fees for admission into the facility.

B.(1) Licenses granted by the commission shall be valid for a ten-year period. In the event of the sale of the pari-mutuel facility, such license may be transferred and remain valid for the balance of the term of the license. If the conditions of the sale do not include the transfer of the offtrack wagering facility license, such license shall be automatically voided upon the completion of the sale.

(2) In the event a primary licensee is granted approval by the Louisiana State Racing Commission to transfer its live racing dates to another pari-mutuel facility, such primary licensee shall retain all the rights, privileges, and obligations relative to offtrack wagering facilities as provided in this Part as though it remained a primary licensee, as defined in R.S. 4:211(7), in its original location.

C. License applications shall be accompanied by a good faith deposit of one thousand dollars.

D. All primary licensees are eligible for licensure at their existing horse racing facilities as offtrack wagering facilities. Such primary licensees shall not be subject to the licensing requirements in R.S. 4:214(A)(2).

E. There shall be no penalty for closing a licensed offtrack wagering facility provided the licensee submits written notice to the commission at least thirty days prior to closure. The commission shall notify all eligible applicants of the notice of closure. Ownership of an offtrack wagering facility may be transferred to other eligible applicants subject to all licensing requirements except as provided in R.S. 4:214(A)(2).

F. Nothing in this Part shall be construed as preventing licensees from jointly owning or contracting for the management of any or all licensed offtrack wagering facilities.

G. In no case may offtrack wagering facilities accept wagers on races run at any track without a contract with the licensee operating the host track. This contract shall include all terms and conditions for use of races run at the host track by the offtrack wagering facility, including compensation of the host track for such use. This contract shall be filed with the commission. No host track may deny the use of its races by any other offtrack wagering facility in Louisiana under the same terms and conditions.

H. In no case shall an offtrack wagering facility allow the admission of any person less than eighteen years old. However, the provisions of this Paragraph shall not apply to any offtrack wagering facility located on the premises of a pari-mutuel facility as defined in R.S. 4:211(5).

I. In addition to license fees, each licensee shall pay the fees provided for in this Subsection. Each licensee shall begin paying the fees on the first day of the second year in which the licensee operates the facility. The licensee shall pay to the collector twenty-five cents for each person attending the offtrack wagering facility other than licensed personnel, employees, officials, and working press. These payments shall be made at the conclusion of each calendar week and shall be accompanied by a report under oath showing the total contributions and admissions, and any other information which the commission may require.

J.(1) Should the commission suspend or revoke the license of a primary licensee, the licensee may, within ten days of the notification of the commission's decision take a suspensive appeal to the district court having jurisdiction over the licensee's offtrack wagering facility. The appeal shall be filed in the district court in the same manner as an
original suit is instituted thereon. Each appeal shall be tried de novo. Either party may amend and supplement his pleadings and additional witnesses may be called and heard.

(2) Within ten calendar days of the signing of the judgment by the district court in any such appeal case, the commission or the applicant for a license or licensee, as the case may be, may suspensively appeal the judgment to the appellate court of proper jurisdiction. The appeal shall be perfected in the manner provided for in civil cases and shall be suspensive or devolutive in the discretion of the court.

(3) All proceedings in the district and appellate courts arising under this Part are civil in nature and shall be heard summarily by the court, without a jury, shall take precedence over other civil cases, and shall be tried in chambers or in open court, and in or out of term.

§214.1. Minimum Live Racing Dates; Offtrack and Other Authorized Wagering

An association shall not be licensed to conduct offtrack or other authorized wagering in the state unless it conducts live horse racing for not less than eighty racing days within a twenty week period at the facility designated in its license, unless the association is prevented from live racing as a result of a natural disaster, an act of God, force majeure, a catastrophe, or such other occurrence over which the association has no control. When a pari-mutuel wagering facility and a related offtrack betting facility are sold, the purchaser shall conduct the minimum number of live racing days required by this Section as a condition of operating the offtrack betting facility.

§215. Offtrack Wagering Facilities, Ownership

A. Only a primary licensee of a pari-mutuel facility may own and operate an offtrack wagering facility in a parish whose parish seat is located less than fifty-five miles from such facility.

B. Offtrack wagering facilities to be located in parishes whose parish seat is less than fifty-five miles from more than one pari-mutuel facility must be jointly owned by those facilities. Such jointly owned facilities shall be subject to the following provisions:

(1) Percentage of ownership shall be inversely proportional to the distance from the pari-mutuel facility to the parish seat of the parish in which the proposed facility is to be located.

(2) A copy of a written agreement between all eligible applicants for licensure of offtrack wagering facilities in a parish must be submitted to the commission with the application for licensure.

(3) If an eligible applicant does not wish to participate in the establishment of offtrack wagering facilities with other eligible applicants, he shall so state in writing within thirty days of receipt of notification, a copy of which shall be included with the application for licensure submitted by any other eligible applicants.

C. Ownership of offtrack wagering facilities in parishes whose parish seat is fifty-five miles or more from any pari-mutuel facility shall be determined by the following procedure:

(1) Any applicant eligible for licensure of an offtrack wagering facility desiring to establish such a facility in a parish covered by this Subsection shall provide written notification of this intent to the commission.

(2) The commission shall notify all other eligible applicants under the provisions of this Part of this intent.

(3) All eligible applicants must respond within thirty days of receipt of this notice of intent if they wish to participate in the joint ownership of an offtrack wagering facility in that parish. Ownership shall be distributed equally among eligible applicants who choose to participate, unless agreed to and contracted otherwise by such eligible applicants. Applicants who fail to respond within thirty days will not be eligible to participate in any offtrack wagering facility in the parish.

(4) All eligible applicants indicating their wish to participate in joint ownership of an offtrack wagering facility must submit a joint application for licensure pursuant to the provisions of R.S. 4:214.

§216. Commissions on Wagers

A. Notwithstanding any other provisions of law, commissions on wagers made at offtrack wagering facilities shall be as follows:

(1) On win, place, and show bets, seventeen percent.

(2) On exotic wagers involving the selection of two horses, twenty and one-half percent.

(3) On exotic wagers involving the selection of three or more horses, twenty-five percent.

(4) In addition to the commission provided above, the offtrack wagering facility where the wager is made is entitled to retain the breakage on such wagers, which is understood to be the amount of money remaining after paying off bettors.
B. Commissions shall be deducted and retained by the licensee of the offtrack wagering facility where the wager is made.

C.(1) From such commissions, and except when the primary licensee is conducting offtrack wagering at its racing facility, on all wagers made at an offtrack wagering facility, the following amounts thereof shall be used for disbursement by the licensee to supplement horsemen's purses in accordance with the provisions of R.S. 4:217:

(a) When the total of all daily wagers at an offtrack wagering facility is less than fifteen thousand dollars, five and one-half percent of such wagers.

(b) When the total of all daily wagers at an offtrack wagering facility is fifteen thousand dollars or more but less than twenty-five thousand dollars, eight hundred twenty-five dollars plus six percent of all such wagers in excess of fifteen thousand dollars.

(c) When the total of all daily wagers at an offtrack wagering facility is twenty-five thousand dollars or more, one thousand four hundred twenty-five dollars plus six and one-half percent of all such wagers in excess of twenty-five thousand dollars.

(2) When the primary licensee is conducting offtrack wagering at its racing facility, from such commissions, six and one-half percent of all daily wagers made at the facility shall be used for disbursement by the licensee to supplement horsemen's purses in accordance with the provisions of R.S. 4:217.

(3) When daily wagers at the offtrack wagering facility are placed on racing events from more than one host track, the total daily monies designated for horsemen's purses under this Subsection shall be distributed pro rata to each host track based on monies wagered at that offtrack wagering facility on racing events from host tracks on that day.

(4) In addition to the commissions provided for in Paragraphs (1) and (2) of this Subsection, on exotic wagers on two or more horses placed at offtrack facilities, the licensee shall disburse an amount equal to one and one-half percent of the amount so wagered to be used to supplement horsemen's purses in accordance with the provisions of R.S. 4:217.

(5) Notwithstanding the provisions of Paragraphs (1), (2), and (4) of this Subsection, when an offtrack wagering facility has not conducted pari-mutuel wagering at its facility prior to July 1, 1991, and for a twenty-four month period commencing the first day on which pari-mutuel wagering is conducted at that facility, from such commissions, five and one-half percent of all daily wagers made at the facility shall be used for disbursement by the licensee to supplement horsemen's purses in accordance with the provisions of R.S. 4:217. After the twenty-four month period has expired, purse supplements shall be calculated according to the provisions of Paragraphs (1), (2), and (4) of this Subsection.

D. Any fees authorized pursuant to R.S. 4:218 shall be collected from the commissions authorized in this Section.

§217. Purse Supplements; Designation and Distribution

B. The balance of the total monies derived from commissions and designated for purse supplements pursuant to R.S. 4:216 shall be distributed as follows:

(1) To the host track, forty-five and forty-five hundredths percent and to the track owned by the licensee(s), forty-five and forty-five hundredths percent.

(2)(a) To the Louisiana Thoroughbred Breeders Association or the Louisiana Quarterhorse Breeders Association. Nine and ten hundredths percent shall be used by these associations to supplement purses for allowance, handicap, and stake races for accredited Louisiana bred horses and to pay breeder awards to breeders of accredited Louisiana bred horses finishing first, second, or third in open races at any track in Louisiana.

(b) Such monies shall be paid to the breed organization representing the breed which ran in the race generating the monies.

(c) Such monies shall be paid quarterly to the appropriate breed organization.

(d) Where monies generated by this Paragraph are available, breeder awards shall be equal, proportional to the money won, to those paid in restricted races.

(e) Up to two hundred thousand dollars per year from the monies available under this Paragraph may be used by each breeders association to supplement purses on Louisiana Champions Day. Such supplements are to be over and above purses and purse supplements as provided elsewhere in this Chapter.

C. All monies generated under this Section shall be distributed within one year from the date generated. Monies generated at a racing facility not operating when the monies are generated shall be used at the next race meeting of the same breed held at that racing facility.

D.(1) Notwithstanding any other provision of law to the contrary, the monies designated for purses under the provisions of R.S. 4:216(C) from wagers placed at offtrack wagering facilities on special accredited Louisiana bred maiden races as defined in R.S. 4:184 shall be accounted for separately and shall be distributed as follows:

(a) Fifteen and ten hundredths percent shall be distributed to the Louisiana Thoroughbred Breeders Association for breeder awards in accordance with a distribution formula established by the executive committee of that organization.
(b) Forty-one and forty-five hundredths percent shall be distributed to the host track for purse supplements for the special accredited Louisiana maiden thoroughbred races held at that track.

(c) Forty-one and forty-five hundredths percent shall be distributed to the tracks owned by the licensee(s) of the offtrack wagering facility where the wagers are made for purse supplements for the special accredited Louisiana bred maiden thoroughbred races held at their respective tracks.

(d) Two percent shall be distributed to the Horsemen's Benevolent and Protective Association for the use and benefit of such persons and other horsemen as medical and hospital benefits with an amount not to exceed thirty percent thereof to be used for administrative expenses and other costs necessary to provide the benefits.

(2)(a) When the amounts designated for purse supplements under this Subsection are in excess of those required to make purses for the special accredited Louisiana-bred maiden thoroughbred races run at a facility equal to purses for other maiden races of equivalent conditions, such excess funds may be used as purse supplements for other Louisiana bred races during the current race meeting at that facility.

(b) However, from all sponsor-added supplements added to special accredited Louisiana-bred maiden thoroughbred races, the breeder's and stallion's award portion shall be first deducted from that supplement and the balance shall constitute the total supplement to that purse.

(3) Monies designated for purse supplements under this Subsection that are not used during the current race meeting shall be placed in an interest bearing account and shall remain in that account until the next licensed race meeting held at the appropriate facility. At such time, the funds in that account and the interest earned thereon shall then be used for purse supplements as provided herein.

§218. Fees Authorization

A. The commission may collect a license fee not to exceed one and one-half percent of the total amount wagered at each offtrack wagering facility. This fee shall be distributed as follows:

(1) Fourteen percent to the Louisiana Thoroughbred Breeders Association or the Louisiana Quarterhorse Breeders Association for promotion of the appropriate breeding industry and for breeder awards. Distribution shall be in direct proportion to the monies wagered on each breed.

When a facility is located within the corporation limits of a city, town, or municipality, one-half of the total funds collected pursuant to the provisions of this Subsection shall be disbursed to the governing authority of that city, town, or municipality.

(2) Allocation of funds under this Subsection shall be based on the status of the site of an offtrack wagering facility at the time that facility is licensed by the Louisiana State Racing Commission. Subsequent annexation by a city, town, or municipality shall not affect allocation.

§219. Uncashed Pari-Mutuel Tickets; Limitation of Time for Presentation; Disposition of Unclaimed Monies

A. All pari-mutuel tickets purchased at offtrack wagering facilities licensed pursuant to this Part evidencing the right to participate in pari-mutuel pools or the right to a refund must be presented for payment within ninety days after the close of the race meeting of the host track. The failure to present such a ticket within the prescribed time shall constitute a waiver of the right to participate in the pari-mutuel pool or the right to a refund. Thereafter, the holder of such ticket shall have no right to enforce payment thereof.

B. The sum held by any licensee for payment of outstanding winning pari-mutuel tickets and for refunding the price of pari-mutuel tickets shall be retained by such licensee for such purpose until the expiration of ninety days after the close of the race meeting of the host track.

C. After such time, any unclaimed monies shall be disposed of as follows. The primary licensee shall retain such sum so that the sum plus that retained under the provisions of R.S. 4:176(B) do not exceed two hundred fifty thousand dollars per race meeting and the remaining unclaimed monies, if any, shall be remitted to the State General Fund with a report. Such monies are due one hundred days after the close of the race meeting of the host track.

§220. Transmission of Wagers

All wagers accepted by an offtrack wagering facility shall be transmitted to the host track conducting the race upon which the wager is made, for inclusion in that track's appropriate pari-mutuel pool. A. All employees of offtrack wagering facilities who are directly involved in its pari-mutuel operation or supervision thereof shall be licensed pursuant to the rules and regulations promulgated by the commission.

B. All licensees operating offtrack wagering facilities shall employ local residents to the extent that qualified people are available.

C. No license issued under this Section shall be granted for more than one fiscal year, but shall be valid at all offtrack wagering facilities in the state during the period.

D. The commission may grant, or refuse, suspend, or withdraw the license to, anyone licensed pursuant to this Part and any rules and regulations the commission adopts and upon the payment of a license fee as fixed pursuant to this Part or by the commission. Any license may be revoked by the commission and any person whose license has been revoked shall be ineligible to participate at any offtrack wagering facility or otherwise in racing unless the license shall be returned by the commission with permission to operate thereunder. No license shall be refused to any applicant who is qualified in accordance with the rules and regulations adopted by the commission; and no license shall be revoked without just cause.

§222. Audit by Commission

A. The licensee shall deposit fees on a weekly basis in a designated state depository.

B. The commission shall verify licenses, verify that all fees and monies provided for in this Part are deposited on a weekly basis, and supervise, check, and audit the operation of the offtrack pari-mutuel wagering pools, its conduct, and distribution.

§223. Production of Books, Memoranda, or Documents; Removal of Employee; Manner of Keeping Books; Witnesses; Penalty

A. The commission may:

(1) Compel the production of all books, memoranda, or documents showing the receipts and disbursements of any person licensed to operate an offtrack wagering facility under the provisions of this Part.

(2) At any time require the removal of any employee employed by any licensee in any case where it has reason to believe that the employee has been guilty of any dishonest practice in connection with horse racing, has failed to comply with any condition of the licensee's license, or has violated any rule adopted by the commission.

(3) Require that the books, financial statement, or other statement of any licensee under this Part be kept in a manner provided by the commission.

(4) Visit, investigate, and place auditors and inspectors in the offtrack wagering facility of any such licensee.

(5) Summon witnesses before its meetings, administer oaths to such witnesses, and require testimony on any issue before it.

B. Any person failing to appear before the commission, or failing to produce books, records, and documents ordered, or refusing to testify thereon, shall be fined not more than five hundred dollars, or imprisoned for not more than six months, or both.

§224. Administrative Procedure; Review of Commission Rulings

Except as otherwise provided by this Section, the commission's hearings, practice and procedure, and rule making procedure are as provided in the Administrative Procedure Act. However, in cases made the subject of judicial review, the court may not extend or continue beyond ten days from date of issuance any stay order or temporary restraining order issued by it, except:

(1) upon agreement of counsel for all parties, or

(2) absent such agreement, by order of the court, but only after a contradictory hearing held no later than the tenth day following the issuance of such stay order or temporary restraining order and then only upon a showing by a party that a denial of such extension or continuation would be prejudicial to that party's opportunity to cause the court to affirm, modify, or reverse the decision to be reviewed.

§225. Commission Authority, Fines, Suspensions, Revocations, Forfeitures and Disciplinary Actions

The commission may impose upon a licensee a fine not exceeding ten thousand dollars and may suspend a licensee indefinitely, or both. Any commission action taken herein shall be consistent with the provisions of this Part.

§226. Grounds for Denial or Termination of License to Operate an Offtrack Wagering Facility

A. The commission may refuse, suspend, or withdraw licenses granted by it for just cause.

B. Those things constituting just cause are:

(1) Any action by a licensee contrary to the provisions of this Part.

(2) Corrupt practice.

(3) Intentional falsification and/or intentional misstatement of a material fact in an application to operate an offtrack wagering facility.

(4) Material false statement to the commission.
(5) Continued failure or inability of the licensee to meet its financial obligations connected with fulfillment of the purposes for which its license was issued.

§227. License Fees, Commissions, and Taxes of this Part in Lieu of all other Such Taxes

The license fees, commissions, and taxes imposed upon an offtrack wagering facility in this Part are in lieu of all other such licenses, sales, excise, and occupational taxes to the state or to any parish, city, town, municipality, or other political subdivision thereof.

Part III. Racing Other than Horse Racing

§249. Dog Racing Prohibited

The business of conducting dog races is prohibited in this state.

Part IV. Horsemen's Workers' Compensation Group Benefits Program

§251. Horsemen's Workers' Compensation Group Benefits Program

Notwithstanding any other law, the Horsemen's Benevolent and Protective Association, pursuant to R.S. 4:179.1, a statutorily authorized representative of horsemen, is hereby authorized and empowered, in addition to any and all other existing powers it may have, to do the following:

(1) To establish a group self-insurance program for the purpose of providing workers' compensation insurance coverage and benefits to members of the Horsemen's Benevolent and Protective Association and any other persons licensed by the Louisiana State Racing Commission.

(2) To administer the group self-insurance program as a part of its corporate activity or to carry out the group self-insurance program through a trust established under the law of Louisiana.

(3) To establish criteria for eligibility of persons participating in the group self-insurance program and to be the sole arbiter of said criteria and eligibility for said participation.

(4) To declare as surplus and to distribute a portion or all of any accumulated funds derived from the group self-insurance program to the persons participating and to be the sole arbiter of what funds to declare as surplus and what funds to distribute.

(5) To take such other acts as may be necessary or helpful in establishing and administering the group self-insurance program, especially those acts which may lower the cost of workers' compensation insurance coverage and benefits to horsemen and other licensees of the Louisiana State Racing Commission.
